Work Experience

March 2016 - Present

LyAnn Web Design & Development

Co-Owner, Web Developer

As the Co-Owner and primary Front-End Developer for Lyann Designs, I do a wide range of things to ensure the business runs smoothly. These tasks range from handling client affairs to building out Wordpress sites and applications.

June 2015 - October 2015

Cherry Pop Designs

Web Developer

As a Web Developer for Cherry Pop Designs, I primarily focused on the development of custom themes for clients. These themes were always responsive and built for the latest and greatest Wordpress version.

March 2014 - June 2015

Dairy Queen

Cashier, Grill, Chill, Drive-thru

During my time as a crew member for Dairy Queen, I acquired a large sets of skills, primarily revolving around servicing customers. I handled transactions, took customer's orders, and ensured they had a pleasant experience. Additionally, I learned time management skills in order to maintain a swift and efficient output of products during peak hours.
